Cindy,

After our discussion with Bob S. this morning on the 2012 report. he asked me the same question posed by Jim below. Like Jim, he is anxious to get an early indication of where the Pavillion sampling data are headed. How would you like to handle this?

Fred - when we met along with Dave a week or two ago he mentioned we might soon have data from the most recent round of sampling at Pavillion. Have we heard anything?

Thanks

Jim
